PÜRGLÖSS

GLOSS IS NATURE'S WAY OF PERFECTION PERSONIFIED

Gloss is one of the finest finishes in a natural evolution of material form as it gives marbles & precious stones its key characteristics.

Its ability to perfectly reflect light makes these materials all the more desirable. The same essence applies in our homes. A high gloss floor symbolizes purity and luxury. It transforms a space to create an area of interest without the use of colour, or texture. It exudes glamour and luxury in the décor space and also makes it look bigger due to its ability to reflect light.

GLOSS IN FLOORING

The qualities of glamour and luxury make a high-gloss surface not just an ideal aspiration in the décor space but an epitome of finesse and an embodiment of perfection.

I N T R O D U C I N G

PÜRGLÖSS

PÜRGLÖSS

The ideal aspiration is now even better. PurGloss comes with a level of gloss that is unmatched allowing it to become a stand-alone masterpiece in every space. The first ever glossy SPC tiles with a range of designs inspired from the most rarest of marble textures. PurGloss ensures the most elegant and opulent look for your space. Each design of PurGloss warrants a story of it's own.

The high gloss enables sharp light reflections leading to elimination of image distortion creating a seamless and elegant look like never before. Their ability to reflect light effectively enables it to make small rooms appear large, and dark rooms appear bright. Built with a scratch guard, these tiles are the perfect example of a floor that is jaw droppingly beautiful and also durable at the same time. It also comes with additional safety features such as an antimicrobial layer and skid resistance allowing you to be candid and worry free in your space.

AOSTA MARBLE

HF001210

Aosta with its classic white vein details in gray creates an aesthetically subtle yet modern establishment. While the neutral base gives a canvas to explore a variety of combinations, the grains add a subtle contrast bringing in the eccentric appeal.

TRADEMARKS & TECHNOLOGIES

FloorNdure™

With FloorNdure™, our hard flooring really go the distance when it comes to strength and durability. And why not? After all, flooring is where the foundation of a home is.

Wel-Lock™

Wel-Lock™ technology allows the tiles to fit into one another in a unique locking mechanism. This ensures strong locking at the joints and makes installation a quick and effortless process. It also ensures that you get that beautifully seamless look on the floor.

ScrapeGuard™

ScrapeGuard™ technology uses a layer with special coating, that offers protection to the design underneath from scuffs and scratches meanwhile retaining the look and longevity of the tile. So, you can say goodbye to the everyday scratches and scrapes.

StainProtect™

StainProtect™ layer is specially designed to offer superior stain resistance, to keep your floor always clean and sparkling. Now, go and make that splash!

GermiShield™

Welspun Flooring's Click-N-Lock Tiles® come with the innovative GermiShield™ technology, which restricts the growth of harmful germs or molds on the floor. Healthy homes begin with healthy floors.

Cushion Back

Welspun cushion backing provides improved comfort and cushion impact under the foot and makes walking relatively comfortable for heels and hard leather shoes. Also, cushion backing helps reduce tapping sound.
