FLOORING

In Welspun Flooring's Quarterly edits, we explore the latest carpet design trends. Our goal is to inspire and inform our readers with the most current trends and styles in flooring. Join us as we delve into the vibrant world of carpet design.

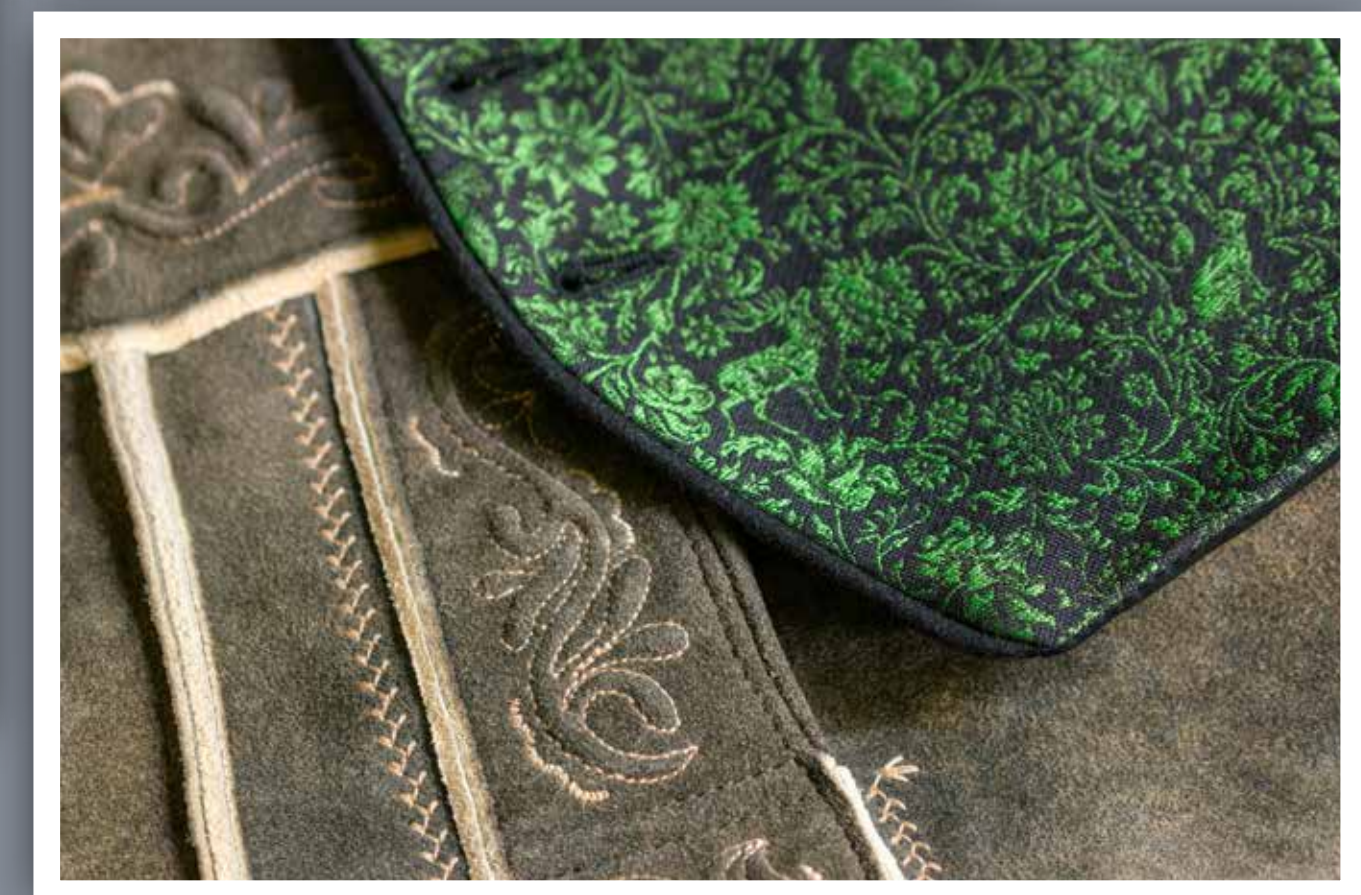

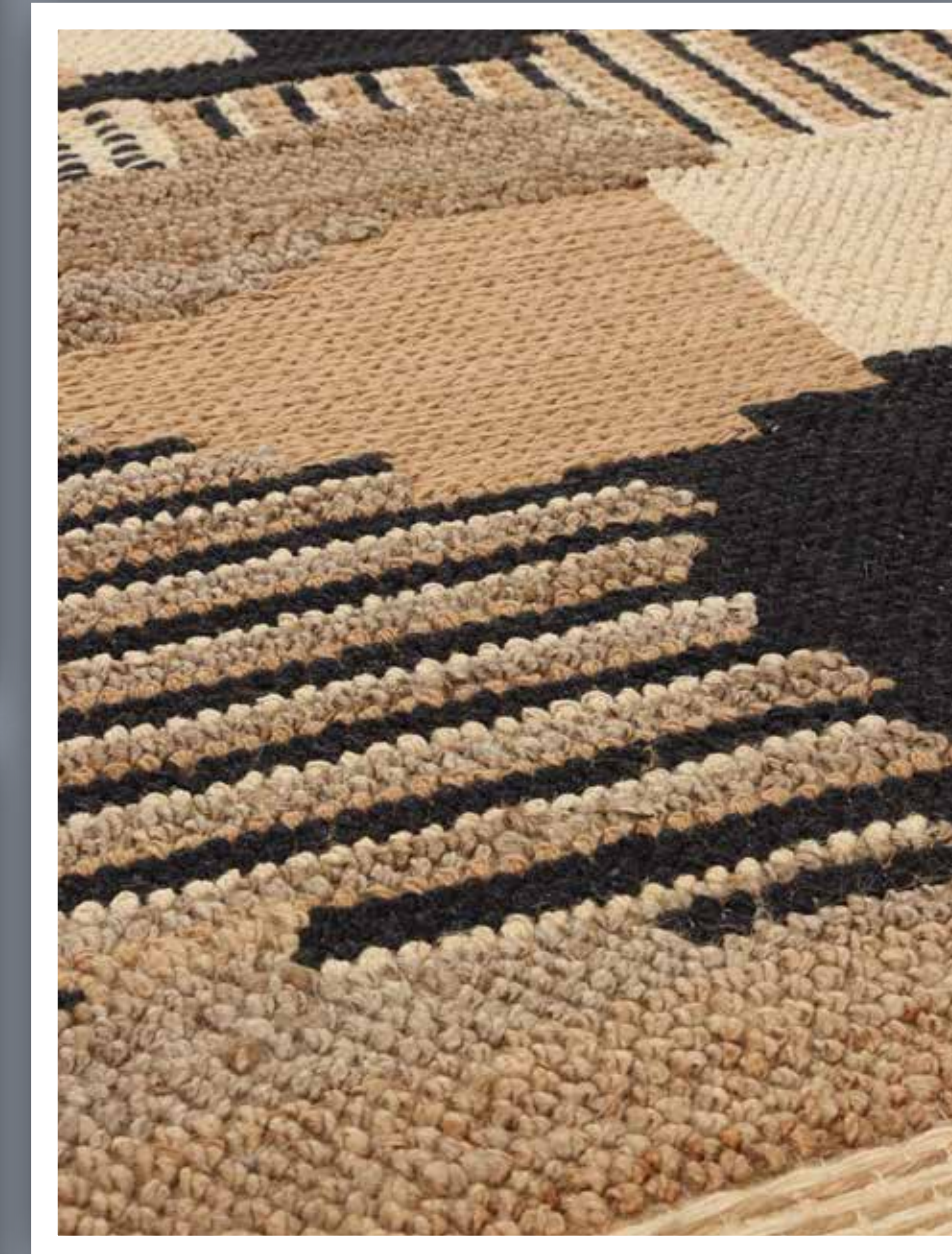

In this issue, we spotlight the rising trend in colours and patterns. From old-world charm to intricate designs, carpets embrace the world's beauty. Discover how these patterns can bring a sense of tranquillity and beauty to any space.

Minimalism is making a strong comeback. Subtle textures and monochromatic palettes dominate this trend. We showcase our top designs that offer sophistication and simplicity, perfect for modern interiors.

This summer, subtle and muted colours are in vogue and the addition of vibrant hues in rich blues, reds, and ochre are making statements in living rooms and commercial spaces alike. Our curated collection highlights carpets that can serve as a stunning focal point or an exciting accent.

DESIGNER'S CHOICE

A comprehensive study on the upcoming pattern trends for 2025-26 reveals an exciting mix of natural inspirations, digital influences, and artisanal textures, reflecting a world that embraces both organic and technologically enhanced aesthetics. These patterns will be prevalent across textile design, fashion, interior design, and even digital spaces, shaping a creative landscape that aligns with evolving consumer values around sustainability, wellness, and self-expression.
